Memories from the Animal Team

Our Animal Team Volunteers spend countless hours with our animals, ensuring that they get the best possible care. Over time, they get to know the animals and their unique personalities. This is one of the many rewards of being a part of the Animal Team. Our volunteers recently shared some of their most memorable moments with the animals. What a quirky and lovable bunch of critters! Thank you, Animal Team, for taking such good care of our farm animal friends!

Building a Stronger Community

In last month's newsletter, we welcomed two new volunteer groups from Aptiv, a local organization helping individuals with disabilities to develop the skills and confidence they need to live more independent and more engaged lives in their community.

We asked our new volunteers what they thought about working on the farm, and here is what they had to say:

"I like helping, it's fun!"

"Feeding the animals is one of the best things!"

"I like coming and seeing the animals."

"I always have fun when I come!"
